**Re: NIRB File No.: 11MN034**  
**Reconsideration Process regarding NIRB's assessment of Agnico Eagle Mines Limited's**  
**"Salient Effluent Discharge to Marine Environment" Project Proposal**

---

Dear Tara:

Thank you for the opportunity to provide comments on the reconsideration process.

NTI appreciates the Board's consideration of procedural fairness in these challenging times.

The Salient Effluent Discharge to Marine Environment proposal and the pipeline component have raised significant concerns and questions at the community and regional level. It will be important to have proper engagement and understanding by the public. NTI supports the approaches and timelines identified by the Kivalliq Inuit Association and the Kivalliq Wildlife Board.

Sincerely,

Bert Dean
