## PROJECT SCOPE:

The proposed “Installation of an Incinerator” project is located within the Qikiqtani (South Baffin) region, within city limits of Iqaluit. The Proponent intends to amend the scope of previously approved activities by installing and operating a biomedical waste incinerator. The program is proposed to take place from June 2020 to May 2021. The scope of this proposed project as identified by the NIRB includes the following undertakings, works or activities:

- Installation and operation of biomedical waste incinerator
- Use of vehicles (airplane, trucks, barge) to transport equipment to incinerator site
- Installation of container to store diesel fuel in order to operate facilities
- Production of hazardous and non-hazardous waste that will be processed as appropriate (disposed at landfill or sent to southern facilities for proper disposal)

Please visit the NIRB’s public registry online at the link above and look up NIRB File No.: **15XN051** to access all project information, maps, and public comment forms.

## REQUEST FOR COMMENTS

**You are invited to provide the NIRB with your comments regarding whether the proposed project is:**

- likely to arouse significant public concern and, if so, why;
- likely to cause significant adverse ecosystemic or socio-economic effects and, if so, why;
- likely to cause significant adverse impacts on wildlife habitat or Inuit harvest activities and, if so, why;
- a type where the potential adverse effects are highly predictable and can be prevented/managed appropriately with known technology.

Parties are also invited to recommend any specific mitigation measures they feel would be appropriate, and to bring any other matter of importance related to this project proposal to the NIRB’s attention.
