Good morning Emily,

If NIRB is comfortable getting DFO's comments by July 27, that would be much appreciated. These reports will inform discussions with Agnico on monitoring and mitigation measures and it is quite important we have a good look at them. Some aspects are technical in nature and would need to be reviewed by more knowledgeable colleagues.

Please let me know if this is acceptable.

Thank you and have a great day

José

Hi José,

How much extra time do you need and is it for both the Meliadine and Meadowbank/Whale Tail files?

The NIRB will be required to send out an official correspondence to Agnico Eagle as comments were originally due on July 6th and we let them know your comments would be coming on July 22nd. So, if you could please provide us with a guaranteed date of submission and a reason for the extension that would be greatly appreciated.

All the best,

Emily Koide

Hi Emily,

Could you confirm when our comments are due. We asked for an extension until July 22nd but we might be short on time again with lots of things to review for the Agnico files and I am out for an inspection this week. So if we have a bit extra time, I would definitely take it

Thank you

José

Subject: NIRB 125418/16MN056 & 125253/03MN107: Opportunity to Address Comments Received for Agnico Eagle's 2019 Meadowbank Gold Mine and Whale Tail Pit Projects 2019 Annual Report

08-Jul-2020

Dear Parties,

On April 21, 2020 the Nunavut Impact Review Board (NIRB or Board) received Agnico Eagle Mines Limited's (Agnico Eagle) Meadowbank Gold Mine and Whale Tail Pit Projects 2019 Annual Report (2019 Annual Report) and on May 6, 2020 the NIRB requested that interested parties review the 2019 Annual Report and provide comments.

The NIRB would like to provide Agnico Eagle with an opportunity to address these comments prior to the completion of the NIRB Annual Monitoring Report, and requests that a response be provided directly to the NIRB by August 7, 2020.

All documentation associated with this project proposal is available online from the NIRB's public registry at <http://www.nirb.ca/project/125418> and <http://www.nirb.ca/project/125253>

If you have any questions or require additional information on the NIRB's monitoring program for the Whale Tail Pit Project or Meadowbank Gold Mine Project, please contact Emily Koide, Technical Advisor I at (867) 983-4612 or ekoide@nirb.ca or Erin Reimer, Technical Advisor I, at (867) 857-4566 or ereimer@nirb.ca.

Best regards,
