Attachments: 200826-15TN012-CIRNAC Comments-IA1E.pdf

Dear Shannon and Emily,

We appreciate the opportunity for the continued screening opportunity on our proposed project.

Most of the comments related to the document filed by CIRNAC in the attached document are mandatory Arctic Haven Lodge practices, we have been implementing over the last 10 years. We have both federal and territorial inspectors almost every season to make sure we are following approved fuel management, spill mitigation and approved environmental practices, etc. As a wildlife viewing lodge we take great pride in implementing these practices and ensuring the environment around the lodge is clean. CIRNAC even sent an inspector to the lodge a couple of weeks ago.

Regards,

Nansen
