Dear Ms. Costello:

Re: NIRB File No. 08MN053 –Draft Agenda for the NIRB Community Roundtable and Pre-Hearing Conference for Baffinland Iron Mines Corp’s “Phase 2 Development” Project Proposal

We are writing in response to the Nunavut Impact Review Board (NIRB) letter of September 9, 2020 with the following information on behalf of Dr. Zacharias Kunuk and the Nunavut Independent Television Network (NITV).

Draft Agenda

We have no comments on the draft agenda at this point.

Representatives

In terms of representatives, we intend on having the following representatives attend these meetings at the following locations:

- Dr. Zacharias Kunuk – Pont Inlet
- Lloyd Lipsett (advisor) – Ottawa Hub
- Isabelle Gilles (advisor) – Ottawa Hub

In addition, NITV would like to work with the NIRB to be able to record and broadcast the Community Roundtable and Pre-Hearing Conference in Inuktitut for local community audiences.

In this regard, we would like to send one or two technical staff to accompany Dr. Kunuk to Pond Inlet for purpose of filming and recording.

Comments

We have no comments at this point beyond what we have stated in our previous correspondence, particularly about the importance of Inuktitut translation. We appreciate the NIRB's attention to this point in the Technical Meetings that began by teleconference this morning, as well as your commitment to ensure that simultaneous translation interpretation will be available between the "hubs" for the Community Roundtable and Pre-Hearing Conference.

Yours truly,
