Subject: QIA Comments on Draft CRT and PHC Agenda and Participants

Good Afternoon Tara,

QIA intends to have the following attendees in Pond Inlet and Iqaluit:

Pond Inlet:
PJ Akeeagok – QIA President
Stephen Williamson Bathory – Special Advisor
Richard Paton – Director, Dept. of IQ and Engagement

Iqaluit:
Levi Barnabas – Mary River Project Portfolio Lead, QIA Community Director for Arctic Bay
Eva Aariak – Advisor and Negotiator at Large
Jared Ottenhof – Director, Qikiqtani Nunalirijikkut (Lands and Resource Management)

This is the intended list of participants – as things tend to change and evolve, QIA will notify NIRB if there are any changes as soon as possible.

Additionally, while we are not filing formal comments at this time, we note that there is no time allotted for QIA, MHTO, the Hamlet of Pond Inlet or other intervenors to present. QIA requests that there be flexibility given for opportunity to provide information outside of a response to a community representative question, should the need arise. While QIA has held, and will continue to hold, community engagements on Phase 2 and the commitments made under the Inuit Certainty Agreement, there may still be a need to provide details to the communities on its implications for the Project and Phase 2. While we are not requesting a formal presentation time, we are identifying a possible need for an opportunity to provide information to the community.

Thank you,
-Jared
