RE: Transport Canada Ballast Water Fact Sheet – Mary River Phase 2 Project

Dear Ms. Costello,

In response to a question that Transport Canada (TC) received during the NIRB's technical meetings last week, TC verbally provided information regarding ballast water systems. To follow up, we are providing the attached "*Ballast Water Fact Sheet*" in order to provide all parties with a better understanding of ballast water systems.

Should parties require further information or clarification regarding this ballast water management, they may contact Transport Canada at PNREA-RPNEE@tc.gc.ca

Regards,

Anita Gudmundson
Regional Manager, Environmental Programs
