Please indicate if there are any additional concerns with this project:

alternative it is

Pg 20 Railway Alignment MITO suggested route removed by BIM saying too expensive → This should not be an excuse see pg 12

BIM →

~~Pg 12 Project Design Marine Env. comment restricted route and establishment of restricted areas where vessels cannot travel~~

Pg 104 →

Hunters & land users Regional Harvesters Enabling program $750,000/year the way it is written right now. Inuit do not get compensation for wildlife, they only get compensation using purchase receipts.

Do you have any specific questions or comments with respect to this project or the Nunavut Impact Review Board?

intro & overview update scope items Milne Port Modification Stockpile

Pg 12 5 to 8 train round trips MAX 10 round trip Ques What would trigger Maximum? pg 14 Stock pile at Milne Port should be inclosed - like they did in Nasivik Mine. pg 18 Shipping No changes Shipping route including anchorage locations → Ragged Island ~~Shoals~~ turn page

Pg 110

Direct Community Benefits: funds will go directly to the communities to compensate for missed benefits if BIM does not meet targets for Inuit Employment plans & Contracting

→ Arcilor mafel

BHM is so rich they have mines in Brazil, Bosnia, Canada, Kazakhstan, Liberia, Mexico, Ukraine and USA

Pg 12

Ragged Island anchorage loction has to be removed as it is too close to Inuit cabins near Saviit that is where Inuit normally hunt seals.

Pg 110

funds will go directly to the Community of Pond Inlet until Such a time that Steensby Inlet is Operational
