Dear Ms. Maksagak, Mr Cote, Mr. Dwyer, Ms. McCaie, Ms. Robinson, Ms. D'Amours-Gauthier, and Ms. McEwan:

RE: NPC File # 149448 [Fisheries and Oceans Canada - Clyde River Small Craft Harbour - Clyde River Geotechnical and Sampling Program]

- **Related NPC File No.:** 149159.
- **Related NIRB File No.:** 19YN031.
- **Location:** Qikiqtani Region; [Clyde river].

The following works and activities have been proposed in the above-noted project proposal:

ttcsyFz 2101
wcl4]gtx6, kNK5 X0B 0C0
sc]ltz 867-983-4625
h4vJ4f5 867-983-4626

Ikaluktutiak, NU X0B 0C0
☎ 867-983-4625
☎ 867-983-4626

1. Marine based research: Continuation of the baseline study. Activities include geotechnical investigation and environmental assessment sampling by borehole drillings onshore and nearshore.

A complete description of the project proposal reviewed by the NPC can be accessed online using the link below.

The Nunavut Planning Commission (NPC) has completed its review of the above noted project proposal. The NPC previously reviewed works and activities associated with the current proposal, including open water environmental, geoscience, geophysics, and geotechnical studies, and a conformity determination was issued on June 3, 2019. This conformity determination still applies. In addition, associated activities were previously screened by the Nunavut Impact Review Board (NIRB FILE NO.: 19YN031).

The NPC has determined that the above-noted project proposal is a significant modification to the project because of the inclusion of borehole drillings offshore and nearshore. It conforms to the North Baffin Regional Land Use Plan (NBRLUP). The proponent has undertaken to comply with the applicable conformity requirements of Appendix C, H, and I of the NBRLUP.

The above-noted project proposal requires screening by the NIRB under section 12.4.3 of the Nunavut Agreement as amended because it is for a component or activity that was not part of the original or previously amended proposal and its inclusion is a significant modification of the project. By way of this letter, the NPC is forwarding the project proposal with this determination to the NIRB for screening. Project materials, including the applicable conformity requirements, are available at the following address:

<https://lupit.nunavut.ca/portal/project-dashboard.php?appid=149448&sessionid=>

The regulatory authorities to which this letter is addressed are responsible under the Nunavut Planning and Project Assessment Act (NUPPAA) to implement any of the applicable requirements by incorporating the requirements directly, or otherwise ensuring that they must be met, in the terms and conditions of any authorizations issued.

This conformity determination applies only to the above noted project proposal as submitted. Proponents may not carry out projects and regulatory authorities may not issue licenses, permits and other authorizations in respect of projects if a review by the NPC is required. Regulatory authorities may consult with the NPC to obtain recommendations on their duties to implement the existing land use plans prior to issuing licenses, permits and other authorizations under subsection 69(6) of the NUPPAA.

My office would be pleased to discuss how best to implement the applicable requirements and to review any draft authorizations that regulatory authorities wish to provide for that purpose. If you have any questions, please do not hesitate to contact me at (867) 979-3444.

Sincerely,

Goump Djalogue
Senior Planner, MCIP, RPP
Nunavut Planning Commission
