Hi Danny, my name is Talia Maksagak, the Junior Technical Advisor assigned to review your project proposal.

- What access road(s) to quarry area 1 and area 2 would be used? Are they already established or will they be constructed as part of the project as your map didn't indicate access
- In your non-technical summary you state that the proposed quarry sites are located south and southeast from the city of Iqaluit but the map indicated that they are north and northeast from Iqaluit, please confirm.
- In the "Material Use & Waste" tab you have "*Camp*" as a Type of Waste Associated with the Proposed Project activities under Project activity, please clarify what you mean by this or if it was meant to be blank.

Thank you and if you have any questions please contact myself directly by phone at (867) 983-5627 or by email at [tmaksagak@nirb.ca](mailto:tmaksagak@nirb.ca).

Best regards,
