Dear Mr. MacEachern:

RE: NPC File # 149179 [Cambridge Bay, NU. Freshwater Creek Riverbed Restoration]

On June 14, 2019, Nunavut Planning Commission (NPC) forwarded the above noted project proposal from the Hamlet of Cambridge Bay to the Nunavut Impact Review Board (NIRB) for screening.

On September 10, 2019, the NPC received a notice of inclusion to scope from the NIRB (File No. 19XN034) identifying "additional works or activities as being sufficiently related to the project to form part of it" and requesting "further direction from the Commission regarding whether the proposed project and updated scope of activities is in conformity with any applicable land use plans for the area." In order for the NPC to provide such direction, you will need to submit a proposal through the NPC's online application system (<http://lupit.nunavut.ca/portal>) to amend file 149179 outlining the additional scope of activities.

The previously reviewed project proposal may be found at this website:
<http://lupit.nunavut.ca/portal/project-dashboard.php?appid=149179&sessionid=>

If you have any questions, please do not hesitate to contact me at (867) 983-4625.

Sincerely,

Jonathan Savoy
Manager of Planning & Implementation
Nunavut Planning Commission
