Feb 10, 2021	08:59	Amanda Dumond, Kugluktuk HTO, Connie Kapolak (Bathurst Inlet)	<p>Email to, from DL re: Good morning and Happy New Year.</p> <p>I hope this note finds you well and of course safe. I am writing to you both on behalf of Leeward Capital Corp who are proposing to do some early stage exploration at Pistol Lake later this Summer.</p> <p>It is challenging to do consultation these days with COVID, but I wanted to reach out to you to see if we can have a discussion about the attached proposed work. I would like to learn if there are any concerns and suggestions from the Hunters and Trappers and traditional land users in the area. Please let me know your thoughts and I can set up a telephone conversation.</p> <p>In addition, do you have any suggestions as to anyone else we should be talking with? I have not sent any information to the NIRB, the Kitikmeot Inuit Association or the Water Board until after our discussions, as I want to make sure (and the company agrees) that it is very important to learn what concerns there may be and any ways to work with them.</p> <p>Kind regards</p>
