Re: Additional Information Required: Information Request # 1 for Parks Canada's (PC) "Lake Hazen Barrel Shed Remediation and Replacement" Project Proposal

Dear Thuc Nguyen and Jennifer Lukacic:

On March 2, 2021 the Nunavut Impact Review Board (NIRB or Board) received a referral to screen Parks Canada's (PC) "Lake Hazen Barrel Shed Remediation and Replacement" project proposal directly from Parks Canada pursuant to s. 167 of the *Nunavut Planning and Project Assessment Act*, S.C. 2013, c. 14, s. 2 (*NuPPAA*). The NIRB notes that the proposed project is located within the Quttinirpaaq National Park and pursuant to s. 70(1) of the *NuPPAA*, the Nunavut Planning Commission conformity determination process does not apply.¹ As a result, pursuant to Article 12, Sections 12.4.1 and 12.4.4 of the *Agreement between the Inuit of the Nunavut Settlement Area and Her Majesty the Queen in right of Canada (Nunavut Agreement)* and s. 87 of the *NuPPAA*, the NIRB has commenced screening this project proposal and has assigned it file number **21KN015** - please reference this file number in all future related correspondence.

On March 3, 2021 the NIRB requested that the Proponent complete the online application form through the NIRB's public registry system and ensure, pursuant to s. 144(1) of the *NuPPAA*, that sufficient information is provided to determine the scope of the project activities being proposed and to commence screening.

To date, the NIRB has not received your project proposal and request that the information be submitted in order for the NIRB to carry out its screening. According to s. 144(1) of the *NuPPAA*,

¹ Subsection 70(1) states of the *NuPPAA*: This Part and the broad planning policies, priorities and objectives, the specific planning objectives and any land use plan, established under this Part, do not apply in respect of a park that has been established or to a historic place that has been designated under the *Historic Sites and Monuments Act* and is administered by the Parks Canada Agency.

the NIRB is requesting submission of the information as outlined in Appendix A of this correspondence by **March 31, 2021**.

The documents and materials received to date by the NIRB in support of this project proposal include:

- *Parks Canada Referral*
- *Project Description*

Please be advised that pursuant to s. 92(3)(b) of the *NuPPAA*, the 45-day timeline for the Board to provide a screening decision stopped on March 2, 2021. This 45-day timeline will start again on the date the NIRB receives the requested additional information. If the Proponent fails to submit the requested additional information, the Board may suspend or terminate the assessment activities of the proposed project pursuant to the relevant provisions under s. 144 of the *NuPPAA*. Therefore, it is in Parks Canada's best interest to cure the identified information deficiencies in a timely manner. If Parks Ca determines that the time required to supply the required information is significantly greater than two (2) weeks, the Board requests written notification and an anticipated date for submission be provided as soon as possible.

Please submit all forthcoming project proposal information through the NIRB's online public registry at www.nirb.ca. For additional instructions regarding the new project application portal, please contact NIRB administration at info@nirb.ca or at 1-866-233-3033.

If you have any questions or require additional clarification, please contact the undersigned directly at (867) 983-4615 or info@nirb.ca.

Sincerely,

Peter Norman Evalik
Environmental Administrator
Nunavut Impact Review Board

Attachment: Appendix A: Information Request # 1

Appendix A: Information Request # 1
for Parks Canada's (PC) "Lake Hazen Barrel Shed Remediation and Replacement"
pursuant to s. 144(1) of the Nunavut Planning and Project Assessment Act
NIRB File No. 21KN015

1. TOPIC/ISSUE: NIRB's Online Application Form

REFERENCE: *Proponent's Guide*²: Appendix A: Online Application System – Proponent User's Guide

RATIONALE: The NIRB requires the Proponent to complete the online application form in order to determine the scope of the project activities being proposed and to ensure sufficient information has been provided to commence screening. The NIRB will no longer accept applications or supporting documents via e-mail or regular mail.

REQUEST: Complete the NIRB's online application form at www.nirb.ca, pursuant to the NIRB's project application requirements

The Proponent is recommended to review the Help Boxes associated with the NIRB's online application form when completing the application.

2. TOPIC/ISSUE: Project Map

REFERENCE: *Proponent's Guide*²: Appendix A: Online Application System – Proponent User's Guide

RATIONALE: The NIRB requires a map of the project proposal and related activities to assist in the assessment of the project.

REQUEST: Complete the NIRB's online map in the application form at www.nirb.ca as well as provide the latitude and longitude of the locations as listed within the application form. The map should include where applicable the following items:

- Location(s) of any existing or proposed infrastructure(s) including but not limited to:
 - a. Camp location(s) (temporary and/or permanent) and camp facilities,
 - b. Road(s),
 - c. Bridges, etc.;
- Location(s) of all proposed activity(ies) including but not limited to:
 - a. Fuel storage sites,
- Project site in proximity to territorial and/or national parks; and
- Project site in proximity to sensitive wildlife and wildlife habitat (e.g., migratory bird sanctuary).

3. TOPIC/ISSUE: Non-technical Project Proposal Summary in English, and Inuktitut

REFERENCE: *Proponent's Guide*²: Appendix A: Online Application System – Proponent User's Guide

RATIONALE: The NIRB requires that a non-technical summary be submitted by proponents in order to assist parties to understand and provide comments on project proposals. Translated copies of the non-technical summaries are required to be inserted into the text

² <http://www.nirb.ca/guides>

boxes provided in order to assist unilingual community organizations and members to provide comments on project proposals.

REQUEST: Submit via the online application text boxes a non-technical description of the project proposal in English and in the regional languages, which include Inuktitut (Kivalliq, North/South Baffin, Eastern Kitikmeot).

The summary should use plain language only and address the following points in < 5,000 characters:

- **Who:** Company, individual or entity proposing the project.
- **What:** The type of undertaking being proposed and how it would be carried out. It may be helpful to describe the scale of the project, number of people involved, permanence of any facilities constructed, and methods of transport.
- **Why:** The objective of and need for the project, potential long term implications.
- **Where:** general location of proposed activities in relation to closest communities, protected areas.
- **When:** timeframe of proposed activities (fixed period, seasonal, multi-year).

Please keep in mind that the project summary is intended to provide members of the public with sufficient information to understand what is being proposed and determine whether they might wish to further review the full project application and supporting information.

4. TOPIC/ISSUE: Supplemental supporting documentation

REFERENCE: Requirement of documentation to complete screening assessment

RATIONALE: To properly scope and assess proposed projects, the NIRB requires proponents to provide specific information on proposed activities, associated components, and proposed mitigation and monitoring measures related to the proposal.

REQUEST: Provide supplemental information regarding the following:

- Summary of current and future consultation plans;
- Flight plans (e.g., duration, location, and altitudes) including any planned aerial surveys, if appropriate;
- Research methodologies to be employed;
- Mitigation plans that include the identification of potential impacts and proposed mitigation measures;
- A discussion on waste management and spill contingency plans; and
- Images of your project location if available.
