OPPORTUNITY FOR PUBLIC COMMENT

NIRB File No.: 21EN008

Project Name: The “**Kahuna Gold Property**” Project Proposal
Proponent Name: Solstice Gold Corporation
Project Type: Exploration Region: Kivalliq Region
Public Registry: www.nirb.ca Application No.: 125583
Comment Deadline: **April 15, 2021**

PROJECT SCOPE:

The proposed “Kahuna Gold Property” project is located within the Kivalliq region, approximately 10 kilometres (km) from Chesterfield Inlet. The Proponent intends to apply for exploration activities, a permanent camp with fuel storage, an amendment to both the NWB type “B” water license 2BE-KGP1823, and CIRNAC Class “A” Land Use Permit N2018C0020 held by Solstice Gold Corporation and renew licences with the Kivalliq Inuit Association for prospecting, exploration, drilling and use of the Kahuna Winter Road. The program is proposed to take place from February 25, 2021 to September 25, 2025. The scope of this proposed project as identified by the NIRB includes the following undertakings, works or activities:

- Use of one (1) or two (2) drill rig(s) to conduct coring/sampling for drilling up to 20,000 meters;
- Undertaking of general exploration activities such as rock, soil, and till geochemical sampling, geological mapping, ground and/or airborne geophysical surveys;
- Transportation of hazardous, combustible and non-combustible waste to approved facilities offsite for disposal; and
- Use of a winter road to transport equipment and supplies;

Please visit the NIRB’s public registry online at the link above and look up NIRB File No.: **21EN008** to access all project information, maps, and public comment forms.

REQUEST FOR COMMENTS

You are invited to provide the NIRB with your comments regarding whether the proposed project is:

- likely to arouse significant public concern and, if so, why;
- likely to cause significant adverse ecosystemic or socio-economic effects and, if so, why;
- likely to cause significant adverse impacts on wildlife habitat or Inuit harvest activities and, if so, why;
- a type where the potential adverse effects are highly predictable and can be prevented/managed appropriately with known technology.

Parties are also invited to recommend any specific mitigation measures they feel would be appropriate, and to bring any other matter of importance related to this project proposal to the NIRB’s attention.

CONTACT INFORMATION

The NIRB has recently launched an updated online public registry, and parties can access project information as well as submit comments directly to the NIRB via www.nirb.ca. Comments can still be submitted directly to the NIRB via email at info@nirb.ca or via fax to **(867) 983-2594**.

If you have any questions or require clarification regarding the proposed project or the NIRB’s screening process, please contact Francis Emingak, Junior Technical Advisor, toll-free at 1-866-233-3033 or femingak@nirb.ca.
