Will the Agenda be changing? We have some concerns about participants not wanting come to Rankin (being one flight away from Iqaluit), so there is a possibility that if the hearing does proceed, I may have to speak on behalf of my board and 3-4 of the impacted communities which will change the agenda.

Hi Clayton,

The NIRB is paying close attention to the unfolding public health regulations and contact tracing, and how these will affect the upcoming Public Hearing in Rankin Inlet. I recognize that any changes to the meetings will impact people's bookings so we will let everyone know as soon as we can if anything will be updated.

All the best and stay safe,

Emily Koide

Morning Emily,

I know its a little bit early to be asking but, do we have any idea what the implications of the recent covid case in iqaluit will be for the hearing here in Rankin? I have some bookings that i will have to manage for my participants.

Clayton
