## SCIENTIFIC RESEARCH LICENSE

LICENSE # 02 024 21R-M

ISSUED TO: Loretta Hardwick  
PO Box 606  
Halifax, NS  
B3J 2R7 Canada

TEAM MEMBERS: C. McVarish

AFFILIATION: Canadrill-CBCL

TITLE: Clyde River Small Craft Harbour Development

### OBJECTIVES OF RESEARCH:

CBCL-Canadrill has been retained by Fisheries and Oceans Canada - Small Craft Harbours (DFO-SCH) for the Clyde River Harbour Development, which is for the design and construction of a small craft harbour. To execute this, its essential to understand the existing site conditions to support the engineering design. In the spring of 2021, a geotechnical drilling program and environmental assessment sampling program is intended to build on the information that was gathered during the previous two field programs. There are no anticipated changes to the potential effects (marine or terrestrial) in the upcoming program. The study areas will include the future harbour basin and near shore area. A more comprehensive description of field activities, schedules, and equipment can be found in the attached letter.

### TERMS & CONDITIONS:

The holder of the licence will be bound by the terms and conditions of the Nunavut Impact Review Board Screening Decision Report and the Department of Culture & Heritage archaeological sites terms and conditions. The license holder will abide by all special public health protection measures imposed by Nunavut's Chief Medical Officer of Health in response to the Covid-19 Pandemic, including restrictions on non-essential travel to Nunavut. These terms and conditions will form part of this licence.

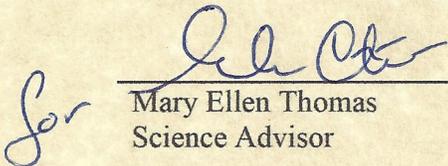

### DATA COLLECTION IN NU:

DATES: April 15, 2021-May 10, 2021

LOCATION: Clyde River

Scientific Research License 02 024 21R-M expires on December 31, 2021

Issued at Iqaluit, NU on April 06, 2021
