Dear Executive Director of NIRB Karen Costello,

I'm writing to you to express my concern about the Nunavut Impact Review Board's (NIRB) decision to deny Uvavut TV the right to:

- 1) rebroadcast the Baffinland hearings during evening and overnight hours so that more Inuit have the opportunity to view them with regard to work, school, childcare and other daytime commitments of many community members and;
- 2) retransmit the Baffinland hearings in Igloolik by DVD, hard drive projection or other technical means, including the eight Formal Interventions broadcast live February 5-6, 2021.

The NIRB public hearings are intended to be just that, public. Preventing the rebroadcasting of the NIRB hearings is an affront to the NIRB's duty to consult, and in particular, the duty to consult with Inuit about what happens on their land.

Please allow Uvavut to rebroadcast and retransmit the Baffinland hearings so that all Nunavummiut have free public access to this decision-making process.

Sincerely,
Sandra Nafziger

Dear Executive Director of NIRB Karen Costello,

I'm writing to you to express my concern about the Nunavut Impact Review Board's (NIRB) decision to deny Uvagut TV the right to:

- 1) rebroadcast the Baffinland hearings during evening and overnight hours so that more Inuit have the opportunity to view them with regard to work, school, childcare and other daytime commitments of many community members and;
- 2) retransmit the Baffinland hearings in Igloolik by DVD, hard drive projection or other technical means, including the eight Formal Interventions broadcast live February 5-6, 2021.

The NIRB public hearings are intended to be just that, public. Preventing the rebroadcasting of the NIRB hearings is an affront to the NIRB's duty to consult, and in particular, the duty to consult with Inuit about what happens on their land.

Please allow Uvagut to rebroadcast and retransmit the Baffinland hearings so that all Nunavummiut have free public access to this decision-making process.

Dear Executive Director of NIRB Karen Costello,

I'm writing to you to express my concern about the Nunavut Impact Review Board's (NIRB) decision to deny Uvavut TV the right to:

- 1) rebroadcast the Baffinland hearings during evening and overnight hours so that more Inuit have the opportunity to view them with regard to work, school, childcare and other daytime commitments of many community members and;
- 2) retransmit the Baffinland hearings in Igloodik by DVD, hard drive projection or other technical means, including the eight Formal Interventions broadcast live February 5-6, 2021.

The NIRB public hearings are intended to be just that, public. Preventing the rebroadcasting of the NIRB hearings is an affront to the NIRB's duty to consult, and in particular, the duty to consult with Inuit about what happens on their land.

Please allow Uvavut to rebroadcast and retransmit the Baffinland hearings so that all Nunavummiut have free public access to this decision-making process.

Sincerely,

Dear Executive Director of NIRB Karen Costello,

I'm writing to you to express my concern about the Nunavut Impact Review Board's (NIRB) decision to deny Uvagut TV the right to:

- 1) rebroadcast the Baffinland hearings during evening and overnight hours so that more Inuit have the opportunity to view them with regard to work, school, childcare and other daytime commitments of many community members and;
- 2) retransmit the Baffinland hearings in Igloolik by DVD, hard drive projection or other technical means, including the eight Formal Interventions broadcast live February 5-6, 2021.

The NIRB public hearings are intended to be just that, public. Preventing the rebroadcasting of the NIRB hearings is an affront to the NIRB's duty to consult, and in particular, the duty to consult with Inuit about what happens on their land.

Please allow Uvagut to rebroadcast and retransmit the Baffinland hearings so that all Nunavummiut have free public access to this decision-making process.

Sincerely,

Dear Executive Director of NIRB Karen Costello,

I'm writing to you to express my concern about the Nunavut Impact Review Board's (NIRB) decision to deny Uvavut TV the right to:

- 1) rebroadcast the Baffinland hearings during evening and overnight hours so that more Inuit community members have the opportunity to view them and fit them around their other daytime commitments to work, school, and childcare;
- 2) retransmit the Baffinland hearings in Igloolik by DVD, hard drive projection or other technical means, including the eight Formal Interventions broadcast live February 5-6, 2021.

The NIRB public hearings are intended to be just that, public, which means widely available. Preventing the rebroadcasting of the NIRB hearings is a travesty of the NIRB's duty to consult, and in particular, the duty to consult with the Inuit about what happens on their land.

Please allow Uvavut TV to rebroadcast and retransmit the Baffinland hearings so that all Nunavummiut have free public access to this decision-making process.

Sincerely,
Yvonne Aburrow

Dear Executive Director of NIRB Karen Costello,

I'm writing to you to express my concern about the Nunavut Impact Review Board's (NIRB) decision to deny Uvagut TV the right to:

- 1) rebroadcast the Baffinland hearings during evening and overnight hours so that more Inuit have the opportunity to view them with regard to work, school, childcare and other daytime commitments of many community members and;
- 2) retransmit the Baffinland hearings in Igloolik by DVD, hard drive projection or other technical means, including the eight Formal Interventions broadcast live February 5-6, 2021.

The NIRB public hearings are intended to be just that, public. Preventing the rebroadcasting of the NIRB hearings is an affront to the NIRB's duty to consult, and in particular, the duty to consult with Inuit about what happens on their land.

Please allow Uvagut to rebroadcast and retransmit the Baffinland hearings so that all Nunavummiut have free public access to this decision-making process.

Sincerely,

Dear Executive Director of NIRB Karen Costello,

I'm writing to you to express my concern about the Nunavut Impact Review Board's (NIRB) decision to deny Uvagut TV the right to:

- 1) rebroadcast the Baffinland hearings during evening and overnight hours so that more Inuit have the opportunity to view them with regard to work, school, childcare and other daytime commitments of many community members and;
- 2) retransmit the Baffinland hearings in Igloolik by DVD, hard drive projection or other technical means, including the eight Formal Interventions broadcast live February 5-6, 2021.

The NIRB public hearings are intended to be just that, public. Preventing the rebroadcasting of the NIRB hearings is an affront to the NIRB's duty to consult, and in particular, the duty to consult with Inuit about what happens on their land.

Please allow Uvagut to rebroadcast and retransmit the Baffinland hearings so that all Nunavummiut have free public access to this decision-making process.

Sincerely,

Dear Executive Director of NIRB Karen Costello,

I'm writing to you to express my concern about the Nunavut Impact Review Board's (NIRB) decision to deny Uvagut TV the right to:

- 1) rebroadcast the Baffinland hearings during evening and overnight hours so that more Inuit have the opportunity to view them with regard to work, school, childcare and other daytime commitments of many community members and;
- 2) retransmit the Baffinland hearings in Igloolik by DVD, hard drive projection or other technical means, including the eight Formal Interventions broadcast live February 5-6, 2021.

The NIRB public hearings are intended to be just that, public. Preventing the rebroadcasting of the NIRB hearings is an affront to the NIRB's duty to consult, and in particular, the duty to consult with Inuit about what happens on their land.

Please allow Uvagut to rebroadcast and retransmit the Baffinland hearings so that all Nunavummiut have free public access to this decision-making process.

Sincerely,
Ian Mauro

Dear Executive Director of NIRB Karen Costello,

I'm writing to you to express my concern about the Nunavut Impact Review Board's (NIRB) decision to deny Uvavut TV the right to:

- 1) rebroadcast the Baffinland hearings during evening and overnight hours so that more Inuit have the opportunity to view them with regard to work, school, childcare and other daytime commitments of many community members and;
- 2) retransmit the Baffinland hearings in Igloodik by DVD, hard drive projection or other technical means, including the eight Formal Interventions broadcast live February 5-6, 2021.

The NIRB public hearings are intended to be just that, public. Preventing the rebroadcasting of the NIRB hearings is an affront to the NIRB's duty to consult, and in particular, the duty to consult with Inuit about what happens on their land.

Please allow Uvavut to rebroadcast and retransmit the Baffinland hearings so that all Nunavummiut have free public access to this decision-making process.

Sincerely,

Dear Executive Director of NIRB Karen Costello,

I'm writing to you to express my concern about the Nunavut Impact Review Board's (NIRB) decision to deny Uvavut TV the right to:

- 1) rebroadcast the Baffinland hearings during evening and overnight hours so that more Inuit have the opportunity to view them with regard to work, school, childcare and other daytime commitments of many community members and;
- 2) retransmit the Baffinland hearings in Igloolik by DVD, hard drive projection or other technical means, including the eight Formal Interventions broadcast live February 5-6, 2021.

The NIRB public hearings are intended to be just that, public. Preventing the rebroadcasting of the NIRB hearings is an affront to the NIRB's duty to consult, and in particular, the duty to consult with Inuit about what happens on their land.

Please allow Uvavut to rebroadcast and retransmit the Baffinland hearings so that all Nunavummiut have free public access to this decision-making process.

Sincerely,

Dear Executive Director of NIRB Karen Costello,

I'm writing to you to express my concern about the Nunavut Impact Review Board's (NIRB) decision to deny Uvagut TV the right to:

- 1) rebroadcast the Baffinland hearings during evening and overnight hours so that more Inuit have the opportunity to view them with regard to work, school, childcare and other daytime commitments of many community members and;
- 2) retransmit the Baffinland hearings in Igloodik by DVD, hard drive projection or other technical means, including the eight Formal Interventions broadcast live February 5-6, 2021.

The NIRB public hearings are intended to be just that, public. Preventing the rebroadcasting of the NIRB hearings is an affront to the NIRB's duty to consult, and in particular, the duty to consult with Inuit about what happens on their land.

Please allow Uvagut to rebroadcast and retransmit the Baffinland hearings so that all Nunavummiut have free public access to this decision-making process.

Sincerely,
Anne Kieser
