Re: Request for NIRB screening for Parks Canada Proposal for “New Temporary Operational Camp at Dundee Bight + extension for using Dome Camp as a secondary camp” in Qausuittuq National Park.

Good day

Parks Canada's Nunavut Field Unit has received an application for moving Qausuittuq National Park's temporary operational camp to a more appropriate location, Dundee Bight. While the previous location (Dome Camp, NIRB file #16CN025) is not considered anymore as a potential site for the establishment of a permanent camp, proponents would like to extend its use as a secondary camp for safety and operational reasons.

The project has been given a positive conformity determination with Parks Canada's requirements.

The project is not exempt from screening and in compliance with Section 167 of NuPPAA, the Nunavut Field Unit is referring the proposal to the NIRB for a screening. The project description is attached for reference.

If you have any questions regarding the referral, please do not hesitate to contact me.

Thank you,

Florence Lapierre Poulin
Resource Management Officer II
Parks Canada, Nunavut Field Unit
