**Re: Additional Information Required: Information Request # 2 for University of New Hampshire's "HEALY2021 Transit" Project Proposal**

Dear Larry Mayer:

On April 8, 2021 the Nunavut Impact Review Board (NIRB or Board) received a referral to screen University of New Hampshire's "HEALY2021 Transit" project proposal from the Nunavut Planning Commission (Commission), with an accompanying positive conformity determination with the North Baffin Regional Land Use Plan.

Pursuant to Article 12, Sections 12.4.1 and 12.4.4 of the *Agreement between the Inuit of the Nunavut Settlement Area and Her Majesty the Queen in right of Canada (Nunavut Agreement)* and s. 87 of the *Nunavut Planning and Project Assessment Act*, S.C. 2013, c. 14, s. 2 (*NuPPAA*), the NIRB has commenced screening this project proposal and has assigned it file number **21YN017** - please reference this file number in all future related correspondence.

On April 8, 2021 the NIRB requested that the Proponent complete the online application form through the NIRB's public registry system and ensure, pursuant to s. 144(1) of the *Nunavut Planning and Project Assessment Act*, S.C. 2013, c. 14, s. 2 (*NuPPAA*), that sufficient information is provided to determine the scope of the project activities being proposed and to commence screening.

On April 30, 2021 the NIRB released a formal letter requesting that the Proponent provide the Board with the information necessary in order to carry out the screening of the project proposal. The NIRB followed up on numerous occasions via email (June 1, 2021) requesting an update on when the information would be provided. To date, the Board has not received the requested information or notification regarding when the information would be made available. Please note that if the Proponent fails to submit the requested additional information, the Board may suspend the assessment activities of the proposed project pursuant to s. 144(2) of the *NuPPAA*. Therefore,

it is in University of New Hampshire's best interest to cure the identified information deficiencies in a timely manner.

The NIRB is again requesting submission of the information as enclosed and for the information to be provided by **June 14, 2021**. If University of New Hampshire determines that the time required to supply the required information is significantly greater than one (1) week, the Board requests written notification and an anticipated date for submission be provided as soon as possible.

Please submit all forthcoming project proposal information through the NIRB's online public registry at [www.nirb.ca](http://www.nirb.ca). For additional instructions regarding the new project application portal, please contact NIRB administration at [info@nirb.ca](mailto:info@nirb.ca) or at 1-866-233-3033.

If you have any questions or require additional clarification, please contact the undersigned directly at (867) 983-4605 or [info@nirb.ca](mailto:info@nirb.ca).

Sincerely,

Cassel Kapolak  
Environmental Administrator  
Nunavut Impact Review Board

Enclosure (1): Information Request # 1 for the University of New Hampshire's "HEALY2021 Transit" Project Proposal, April 30, 2021
