Good morning,

I am writing on behalf of Transport Canada in response to the Nunavut Impact Review Board's July 12, 2021 request for comments on the Woods Hole Oceanographic Institution's "Healy Baffin Bay Survey" Project Proposal (NIRB 210712 / 21YN029). Transport Canada has reviewed the project proposal and the five questions posed by NIRB in its July 12th Notice of Screening and does not have any comments to submit.

Please follow up with me if you have questions about Transport Canada's response.

Regards,

Scott Kidd
