NIRB File No.: 21XN033

Project Name: The “Cambridge Bay New Power Plant and Bulk Fuel Storage Facility” project
Proponent Name: Qulliq Energy Corporation
Project Type: Infrastructure Region: Kitikmeot
Public Registry: www.nirb.ca Application No.: 125627
Comment Deadline: **August 30, 2021**

PROJECT SCOPE:

The proposed “Cambridge Bay New Power Plant and Bulk Fuel Storage Facility” project is located within the Kitikmeot region, in the municipality of Cambridge Bay. The Proponent intends to construct and operate a new power plant, the proposed multi-year project will include a new five-engine power generation facility designed for a 40-year life and will incorporate new technology to improve reliability, efficiency, operation, and safety. A bulk fuel storage system consisting of two 2-million litre vertical fuel tanks, a second containment berm, one 90,000 litre double wall horizontal fuel tank, piping and pumping facilities will also be constructed. The Proponent has plans for a Quoset garage, transformer storage, for sea can storage and a back-up emergency generator, an approximately two kilometers of distribution line will be required to connect to the new power plant which will also include offices, electricity control room, line shop, and garage/workshop. A 400-metre long pipeline will be constructed to connect to the Petroleum Products Division bulk fuel facility. The program is proposed to take place from April 2024 to March 2026. The scope of this proposed project as identified by the NIRB includes the following undertakings, works or activities:

- Construction of a new power plant which will include a five-engine power generation facility;
- Use four (4) 205-liter containers of solvent for generator maintenance and operation;
- Use and storage of 3,280 liters of engine oil for generator maintenance and operation; and
- Use of 2,000 liters of propylene glycol for power plant operations and heat transfer.

Please visit the NIRB’s public registry online at the link above and look up NIRB File No.: **21XN033** to access all project information, maps, and public comment forms.

REQUEST FOR COMMENTS

You are invited to provide the NIRB with your comments regarding whether the proposed project is:

- likely to arouse significant public concern and, if so, why;
- likely to cause significant adverse ecosystemic or socio-economic effects and, if so, why;
- likely to cause significant adverse impacts on wildlife habitat or Inuit harvest activities and, if so, why;
- a type where the potential adverse effects are highly predictable and can be prevented/managed appropriately with known technology.

Parties are also invited to recommend any specific mitigation measures they feel would be appropriate, and to bring any other matter of importance related to this project proposal to the NIRB’s attention.

CONTACT INFORMATION

The NIRB has recently launched an updated online public registry, and parties can access project information as well as submit comments directly to the NIRB via www.nirb.ca. Comments can still be submitted directly to the NIRB via email at info@nirb.ca or via fax to (867) 983-2594.

If you have any questions or require clarification regarding the proposed project or the NIRB’s screening process, please contact Francis Emingak, Junior Technical Advisor, toll-free at 1-866-233-3033 or femingak@nirb.ca.
