Subject: RE: [EXTERNAL] RE: NIRB: Follow up to Information Request Regarding the GN's "Baker Lake Landfill Expansion" Project Proposal

Hi Sarah,

In order to continue with the Screening Process for the Government of Nunavut's (GN) "Baker Lake Landfill Expansion" project proposal, please submit an application through the NIRB's Public Registry. The NIRB requires the proponent to complete the online application form in order to determine the scope of the project activities being proposed and to ensure sufficient information has been provided to commence screening.

Please include a non-technical summary description of the proposed project in English and in the applicable languages of all potentially-affected communities: Inuktitut (Kivalliq, North/South Baffin,

Eastern Kitikmeot), Inuinnaqtun (Cambridge Bay, Kugluktuk, Bay Chimo and Bathurst Inlet) and French (City of Iqaluit).

The summary should use plain language only and address the following points in < 5,000 characters:

- **Who:** Company, individual or entity proposing the project.
- **What:** The type of undertaking being proposed and how it would be carried out. It may be helpful to describe the scale of the project, number of people involved, permanence of any facilities constructed, and methods of transport.
- **Why:** The objective of and need for the project, potential long term implications.
- **Where:** general location of proposed activities in relation to closest communities, protected areas.
- **When:** timeframe of proposed activities (fixed period, seasonal, multi-year).

Please keep in mind that the project summary is intended to provide members of the public with sufficient information to understand what is being proposed and determine whether they might wish to further review the full project application and supporting information.

- *Please be advised that this online application form requires the use of Unicode-based fonts for Inuktitut translations, such as Pigiarniq. Older ASCII syllabic fonts, such as ProSyl, will not work with this application.*
- *To type in Pigiarniq, or other Unicode syllabic fonts you will need the font itself and a keyboard driver to produce the syllabic characters, available from:*
<http://www.ch.gov.nu.ca/en/ComputerTools.aspx>

Please be advised that pursuant to paragraph 92(3)(b) of the NuPPAA, the 45-day timeline for the Board to provide a screening decision stops on the date of this notice. This **45-day timeline** will start again on the date the NIRB receives a completed application and all the requested additional information. If the proponent fails to submit the requested information, the Board may suspend or terminate the assessment activities of the proposed project pursuant to the relevant provisions under section 144 of the NuPPAA. Therefore, it is in GN's best interest to provide the identified information in a timely manner.

Our administrative staff is committed to assisting with any and all inquiries you may have as you familiarize yourself with the NIRB's public registry system. For general assistance or to report a problem, please contact the NIRB at info@nirb.ca or call us toll-free at 1-866-233-3033.

Best regards,

Cassel Kapolak

Hello,

This submission was paused determining what is needed next for submission. Can I ask what items are required to proceed with this project proposal?

Thanks,
Sarah

Subject: Fw: NIRB: Follow up to Information Request Regarding the GN's "Baker Lake Landfill Expansion" Project Proposal

Dear Proponent;

On May 13 and 27, 2021, the Nunavut Impact Review Board (NIRB or Board) issued Information Requests regarding the Government of Nunavut's (GN) "Baker Lake Landfill Expansion" project proposal. On May 27, 2021 the NIRB received correspondence from the original proponent and was advised this file will be re-submitted by you.

The NIRB is currently requesting an update on when a complete online application form will be submitted through the NIRB's public registry system.

Please submit all forthcoming project proposal information through the NIRB's online public registry at <http://www.nirb.ca>.

For additional instructions regarding the new project application portal, please contact NIRB administration at info@nirb.ca or at 1-866-233-3033.

Best regards,
