Re: Agnico Eagle Mines Meliadine Non-Compliance with Term and Condition 46

Dear Karen,

The Kangiqliniq Hunters and Trappers is disappointed with Agnico Eagle's non-compliance of term and condition 46 from the Meliadine Project certificate.

Term and Condition 46 stipulates:

The Proponent shall update its Terrestrial Environment Management and Monitoring Plan (TEMMP) for the Project to include a detailed harvest study prepared in consultation with the Government of Nunavut (GN) and other affected parties. The design of the harvest study should demonstrate consideration for the following:

a. Hiring of a dedicated local survey coordinator through local Hunters and Trappers Organizations (HTOs) and provision of adequate resources for the HTOs to run the program;

The Kangiqliniq has hired 2 monitors using our own funding to monitor for caribou and harvest along the all weather access road but, the HTO monitors were denied access to the all weather access road. This non-compliance is unacceptable. The HTO recommends that the proponent is appropriately reprimanded for this infraction.

Harry Ittinuar

Chairman

Kangiqliniq HTO
