Hello Keith and all at NIRB,

At this time, iSolara does not expect to re-engage the assessment process for the “Igluligaarjuk Midnight Sun” proposal. The project was dependent on contributions from a federal funding stream that is no longer available.

Any such or similar project that iSolara proposes to engage in will start fresh in the review process.

Thank you, Kind regards,

Dear Andrew Goslett;

This email is a follow up to the Suspension of Assessment of Activities issued by the Nunavut Impact Review Board (NIRB or Board) dated, August 12, 2019 for iSolara Solar Power’s “Igluligaarjuk

Midnight Sun” project proposal (NIRB: 18UN054; NPC: 149003).

The NIRB requests that the iSolara Solar Power provide an update to confirm whether the company expects to re-engage the assessment process for the “Igluligaarjuk Midnight Sun” proposal and if so, when can the NIRB expect the material be submitted? Please send the update to info@nirb.ca and to Keith Morrison, Manager of Impact Assessment at kmorrison@nirb.ca.

Should you wish to resume the assessment in the future, a written request must be filed directly with the ourselves the Nunavut Impact Review Board (NIRB) and we would then commence screening of the project proposal.

Please note that if such a written request has not been filed by August 12, 2022 the

assessment of the project will be terminated as per section 143(4) of the *Nunavut Planning and Project Assessment Act (NuPPAA)*. You would then have to re-apply through the Nunavut Planning Commission (Commission).

If you have any questions or require clarification on the NIRB Process, please contact Keith Morrison, directly at (867) 983-4617 or by email at kmorrison@nirb.ca.

Best regards,

Cassel Kapolak
