Karen D. Costello
Executive Director
Nunavut Impact Review Board
PO Box 1360
Cambridge Bay, NU
X0B 0C0

Dear Ms. Costello,

Thank you for your letter dated November 26, 2021, requesting an extension of the Board's written report for the screening of the Coral Harbour Municipal Water Licence Renewal project proposal. The Department of Community and Government Services has reviewed the request and is granting the extension for the submission of the Board's report to December 3, 2021.

The Nunavut Water Board (NWB) has scheduled the technical meeting and pre-hearing conference via teleconference on December 7 and 8, 2021. Receiving the report by December 3 will allow NWB and the department sufficient time to review the report.

Please accept this letter as support of the extension.

Sincerely,

 陳震

David Joanasie
Minister of Community and Government Services

cc. Kyle Seeley, Deputy Minister, Community and Government Services
