Hello,

Thank you very much for reaching out.

I reviewed this section of our application and see we have included an estimated daily amount of water usage for the project. We estimated 0.0175 cubic metres a day, roughly the equivalent of 3.5 litres/day/person.

Would you let me know if this information appears in the existing application or if there is additional information we need to provide? I'm not sure if I misunderstood the question.

Thank you very much for your help,  
Emily
