TITLE: Geotechnical and Environmental Baseline Studies – Iqaluit Port Development.

OBJECTIVES OF RESEARCH:

The studies will be performed for the Government of Nunavut in two locations. One is near the municipal wharf, and the other is in the proposed deep water port area and quarry. Geotechnical and environmental baseline studies are required to support the design of upgrades proposed for the municipal wharf, and a new deep water port.

TERMS & CONDITIONS:

The holder of the licence will be bound by the terms and conditions of the Nunavut Impact Review Board Screening Decision Report and the Department of Culture & Heritage archaeological sites terms and conditions. The license holder will abide by all special public health protection measures imposed by Nunavut's Chief Medical Officer of Health in response to the Covid-19 Pandemic, including restrictions on non-essential travel to Nunavut. These terms and conditions will form part of this licence.

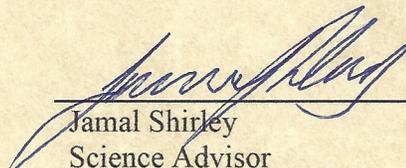

DATA COLLECTION IN NU:

DATES: July 1,2022 to December 31,2022

LOCATION: Iqaluit

Scientific Research License 01 005 22R-M expires on December 31,2022

Issued at Iqaluit, NU on March 9,2022
