Dear Mia,

In our flight schedule agreement with PCSP Resolute, the helicopter will transport the field party from the McGill Arctic Research Station to our temporary field camp on July 8, and back to McGill Arctic Research Station on July 20.

Regards,

Myriam Lemelin

Objet : NIRB 22YN015: Clarification

Good morning Myriam,

I am the Junior Technical Advisor that has been assigned to your NIRB Screening File which has been numbered 22YN015.

After reviewing your updated NIRB Application, I just have one clarification question for you:

- Where will the helicopter be going to and from? Will it be from the McGill Arctic Research Station or from Grise Fiord?

Once I have this information, I can move forward in the NIRB Screening Process.

Please be advised to cc info@nirb.ca in all future correspondence.

Thank you for taking the time.

Best regards,

Mia Otokiak

Junior Technical Advisor
