

## EXTERNAL MEMORANDUM

**To:** APEX Geoscience Ltd. (APEX)  
410-800 W. Pender St.  
Vancouver, BC V6C 2V6

**From:** Debra Shewfelt, Senior Geoscientist, Project Manager  
RESPEC Consulting Inc.  
290A-2600 8<sup>th</sup> Street East  
Saskatoon, SK S7H 0V7

**Date:** March 31, 2022

**Subject:** APEX Acting on Behalf of RESPEC on QEC Geothermal Project

This memorandum summarizes the circumstances under which RESPEC's subcontractor, APEX Geoscience Ltd. (APEX), is authorized to act on behalf of RESPEC to complete project tasks. APEX hereby understands that these circumstances are the only instances in which it is permissible to act on behalf of RESPEC during the Nunavut Phase II geothermal project.

### SUMMARY OF PROJECT ACTIVITIES

APEX may conduct the completion and submission of the following land use related items on behalf of RESPEC to complete the scope of work they have been assigned on the Nunavut Phase II Geothermal Project:

- / Nunavut Planning Commission (NPC) Project Proposal, Nunavut Impact Review Board (NIRB) Screening Review, Crown-Indigenous Relations and Northern Affairs Canada (CIRNAC) Land Use Permit (LUP), Nunavut Water Board (NWB) Water Licence and Hamlet of Baker Lake Business Licence and Garbage Disposal Permit applications and all associated supplemental documents such as non-technical summaries, management plans and questionnaires.
- / Response to all comment submissions received from intergovernmental and public review of NIRB and NWB applications.
- / NIRB, CIRNAC and NWB Annual Reports.
- / Annual CIRNAC Project Assessment.
- / Workers' Safety and Compensation Commission (WSCC) Exploration Safety Plan Application Form.
- / Field program commencement and closure notifications letters to CIRNAC, NWB and WSCC.
- / Final project CIRNAC LUP and NWB Water Licence closure applications.
