Re: Final Agenda for the Community Roundtable for Baffinland Iron Mines Corp.'s "Production Increase Proposal Renewal"

Dear Parties:

On July 19, 2022, the Nunavut Impact Review Board (NIRB or Board) issued procedural direction and timeline for assessing Baffinland Iron Mines Corp.'s (Baffinland) "Production Increase Proposal Renewal", a proposed amendment to the approved Mary River Project (NIRB File No. 08MN053, Project Certificate No. 005). In that correspondence, the Board notified parties of an upcoming Community Roundtable that would be held in Pond Inlet as well remotely using Zoom and Teleconference. The Board is holding a Community Roundtable to gather feedback directly from community members of potentially affected communities and invited community organizations to appoint designated representatives from Pond Inlet, Igloolik, Sanirajak, Arctic Bay, Clyde River, Resolute Bay and Grise Fiord. During the Community Roundtable Agenda (Appendix A) the Board will hear questions, comments and applicable knowledge from these designated representatives. Designated representatives from all communities will be participating using the audio/ video links from their communities and given designated times in the agenda.

Interested parties unable to attend in Pond Inlet, can follow the proceedings through the audio/video access; **any parties who wish to participate should contact the Board using info@nirb.ca as soon as practicable.** Regulators are encouraged to participate to respond to community questions.

COMMUNITY ROUNDTABLE LOGISTICS

The NIRB has made the following logistical arrangements for the meeting:

- Interpretation:** Simultaneous English and Inuktitut interpretation will be provided in Pond Inlet, with language-specific call-in numbers and interpretation available on the audio/video links.
- Facilitator:** The proceedings will be attended by the Board and facilitated by the NIRB's Chairperson.
- Meeting time:** During the day, the meeting starts at 9:00 a.m. and goes to 5:00 p.m. (EST), with an hour break for lunch and two 15-minute health breaks throughout the day. There will be an evening session for residents of Pond Inlet that starts at 6:30 pm and goes to 9:00 p.m. (EST)
- Format:** In-person in Pond Inlet, with remote participants linked via audio-video feed through Zoom and teleconference.

All parties should note that times given in the Agenda will be strictly enforced to keep proceedings on time.

Should you have questions regarding the NIRB's assessment of the Production Increase Proposal Renewal, please contact Cory Barker at (867) 983-4607 or cbarker@nirb.ca.

Sincerely,

Karen D. Costello
Executive Director
Nunavut Impact Review Board
