Please describe the concerns indicated above:

Your proposal has been reviewed to determine whether it is likely to result in the death of fish by means other than fishing and the harmful alteration, disruption or destruction of fish habitat which are prohibited under subsections 34.4(1) and 35(1) of the Fisheries Act; and, effects to listed aquatic species at risk, any part of their critical habitat or the residences of their individuals in a manner which is prohibited under sections 32, 33 and subsection 58(1) of the Species at Risk Act.

Do you have any suggestions or recommendations for this application?

Fisheries and Oceans Canada does not have sufficient information to determine whether the proposed work will result in the death of fish and/or the harmful alteration, disruption or destruction of fish habitat. We recommend that the proponent submit a Request for Review (<http://www.dfo-mpo.gc.ca/pnw-ppe/reviews-revues/forms-formes/request-demand-eng.pdf>) of the project. It remains the responsibility of the proponent to remain in compliance with the Fisheries Act, avoid prohibited effects on listed aquatic species at risk, any part of their critical habitat or the residences of their individuals, and prevent the introduction of non-indigenous species.

Do you support the project proposal? Yes ☐ No ☐ Any additional comments?

It is the proponent's Duty to Notify DFO if they have caused, or are about to cause, the death of fish by means other than fishing and/or the harmful alteration, disruption or destruction of fish habitat. Such notifications should be directed to FisheriesProtection@dfo-mpo.gc.ca or 1-855-852-8320.

If you have any questions please contact Rick Kiriluk at our Burlington office by email at Rick.Kiriluk@dfo-mpo.gc.ca.
