Project Name: The “Community Geological Mapping of the Kivalliq Corridor” project
Proponent Name: Geological Survey Canada
Project Type: Research Region: Kivalliq Region
Public Registry: www.nirb.ca Application No.: 125771
Comment Deadline: **March 17, 2023**

PROJECT SCOPE:

The proposed “Community Geological Mapping of the Kivalliq Corridor” project is located within the Kivalliq region, approximately 152 kilometres (km) from Whale Cove. The Proponent intends to refine, update, and produce new geological knowledge of bedrock, provide a meaningful way to engage Northern youth, and strengthen the capacity of communities within the Kivalliq corridor to address geoscience opportunities. The program is proposed to take place July 2023. The scope of this proposed project as identified by the NIRB includes the following undertakings, works or activities:

- Use of a helicopter for transportation of personnel to research sites from communities, and return to communities each evening
- Training and employment of local community members for the life of the project
- Use of research equipment to collect, view, record and photograph rock samples
- Storage of fuel outside of communities, to ensure safety
