Re: Fisheries and Oceans Canada – Small Craft Harbours’ “Clyde River Small Craft Harbour Development” – 2022 NIRB Annual Report

Dear Mia Otokiak:

On October 18, 2021, Nunavut Impact Review Board (NIRB) completed the review of the Clyde River Small Craft Harbour Development project proposal and issued a Screening Decision Report (SDR) to Fisheries and Oceans Canada- Small Craft Harbours (DFO-SCH).

As identified in the *Monitoring and Reporting Requirements* section of the SDR an Annual report of construction activities is due March 31, 2023.

In 2022, the contractor began the construction phase of the project by conducting some preliminary work at site. This work included; mobilization of equipment and materials to site, set-up of site office, camp and maintenance garage, initial quarry work, and bridge crossing repairs. The attached 2022 annual report will summarize the activities conducted during construction, and confirm the compliance with the monitoring and reporting requirements.

If you have any questions with the content of this letter, please contact Chris McDermid at (431) 335-7530 or by email at Chris.McDermid@dfo-mpo.gc.ca.

Yours sincerely,

Eleanor McEwan, P. Eng.
Senior Project Engineer
Small Craft Harbours Branch
Fisheries and Oceans Canada
