Dear Francis Emingak, Mosha Cote, Richard Dwyer, Caroline Whittle, Jared Ottenhof, and Heather Shilton:

RE: NPC File No: 150068 [Sanirajak, Nunavut MET Tower]

The following works and activities have been proposed in the above-noted project proposal:

1. Scientific Research: Collect wind data to explore the potential for renewal energy options for Sanirajak. Activities include the installation of a meteorological tower (MET tower), to collect wind data for a period of 18-24 months, periodic site visits for tower maintenance, and dismantling and removing of mast and all materials/equipment from the site at the end of the project duration. The MET tower mast is a 34m high, 15

cm diameter metal pole on a 2ft x 2ft base structure will be supported by guy wires anchored about 20 m from the base.

2. Location: Qikiqtani Region; [Sanirajak, within the municipal boundaries]

A complete description of the project proposal reviewed by the NPC can be accessed online using the link below.

The Nunavut Planning Commission (NPC) has determined that this project proposal is outside the area of an applicable regional land use plan. The project proposal requires screening by the Nunavut Impact Review Board (NIRB) because it does not belong to a class of exempt works or activities set out in Schedule 12-1 of the Nunavut Agreement.

By way of this letter, the NPC is forwarding the project proposal to the NIRB for screening. Project materials are available at the following address:

<https://lupit.nunavut.ca/portal/project-dashboard.php?appid=150068&sessionid=>

This decision applies only to the above noted project proposal as submitted. Proponents may not carry out projects and regulatory authorities may not issue licenses, permits and other authorizations in respect of projects if a review by the NPC is required.

If you have any questions, please do not hesitate to contact me at (867) 979-3444.

Sincerely,

Goump Djalogue, MCIP, RPP
Manager of Planning and Implementation
Nunavut Planning Commission
