

Notice of Community Information Session and Workshop

The **Nunavut Impact Review Board (NIRB)** is facilitating a **Monitoring Information Session** and a **Marine Monitoring and Marine Mitigation Workshop** on May 23, 24 & 25, 2023 in respect of Baffinland Iron Mines Corp.'s Mary River Iron Mine Project (NIRB File No. 08MN053). The public is invited to attend and learn about ongoing project monitoring for the Mary River Project, including results of community level monitoring programs for the marine environment.

The workshop will be held in Pond Inlet at the **Atakaalik Community Hall**.

Date	Function	Sessions
May 23	NIRB Community Monitoring Information Session	6:30 pm – 9:00 pm
May 24-25	Marine Workshop	9:00 am – 5:00 pm; 6:30 pm – 9:00 pm

Everyone interested in participating is encouraged to attend and proceedings will be managed in respect of Public Health Orders

Simultaneous interpretation provided
