# Screening Assessments

A stone cairn, a traditional Inuit structure made of stacked rocks, sits on a large, flat rock slab. The background is a clear, light blue sky. The overall scene is serene and natural.

45 days

Hunters and Trappers Organizations

Minor – 10 day comment period

Regional Inuit Associations

Regular – 21 day comment period

# What is an Impact Statement?

Project summary

Information about the company

Project description

Inuit Qaujimagatugangit and community knowledge

How the project could change the environment and people

How the company plans to monitor the project

What happens when the project closes

What  
information is  
important to  
you?

Let's pretend a mine  
is opening up near  
your community.  
What information  
would you want from  
the company?

# A Few Examples

# We want to hear from everybody!

- You have valuable information
- Your voice is important
- You may be impacted by projects
- It is your right

## Come to the meeting tonight:
