## Public Service Announcement:

---

The Nunavut Impact Review Board (NIRB) has scheduled Community Consultation Sessions to discuss key themes and provide opportunities for feedback to support finalizing the Board's Standard Impact Statement Guidelines. The Standard Impact Statement Guidelines will provide information to guide proponents when preparing their Impact Statement documentation as required during the NIRB's assessment of large project proposals, such as mines.

The NIRB will be hosting the meetings at the community hall on June 5, 2023.

- **A public meeting will be held at 7:00 pm where a short presentation will be given and you will have a chance to ask questions, give comments, and discuss.**
- **Light refreshments will be served and door prizes will be given away.**
- **Simultaneous interpretation will also be provided in English and Inuinnaqtun.**

This information session is open to the public, and the NIRB invites everyone to come ask questions and share your thoughts and comments.
