Re: **Final Agenda for the Impact Statement Guidelines Workshop for the NIRB's Review of De Beers Canada Inc.'s "Chidliak Diamond Mine" Project Proposal**

Dear Parties:

On July 31, 2023, the Nunavut Impact Review Board (NIRB) issued the draft agenda for the Impact Statement Guidelines Workshop in Iqaluit on August 28 and 29, 2023 as part of the NIRB's Review of the De Beers Canada Inc.'s "Chidliak Diamond Mine" Project Proposal (NIRB Project No. 22MN025). Parties were invited to provide feedback on the *Draft* Agenda and comments were received from:

- The Government of Nunavut (NIRB Doc ID: 346775); and
- Health Canada (NIRB Doc ID: 346774).

Changes to the agenda have been made to include the topics of interest, and the *Final* agenda is available in [Appendix A](#) of this letter. However, the meetings will remain in-person as the purpose of the meeting is to provide parties a chance to discuss any last concrete revisions to the Scope and Guidelines documents, especially to ensure clear definition of topics and information that must be addressed by the Proponent in their Impact Statement, especially where standards of information or analysis exist from regulators.

Following the Guidelines Development Workshop, the NIRB will complete any final agreed-upon revisions to the Scope and Guidelines documents so that the Board will then issue its Final versions of both documents, completing the first portion of the Review process.

Information associated with the NIRB's Review of this proposal can be accessed online through the NIRB's public registry at [www.nirb.ca/project/125714](http://www.nirb.ca/project/125714). If you have any questions regarding the NIRB's Review of the Chidliak Diamond Mine, please contact Cory Barker at [cbarker@nirb.ca](mailto:cbarker@nirb.ca) or (867) 983-4607.

Sincerely,

Tara Arko  
Director, Technical Services  
Nunavut Impact Review Board
