Hi Emily and Leah,

As discussed, Agnico Eagle wishes to confirm it entered into MOUs with the SDFN/YDFN and with the KivIA which are the only parties to the TAG that ultimately requested a MOU. Other parties, including GN, Rankin Inlet HTO and Baker Lake HTO have indicated in writing that they agree with the Terms of Reference (TOR). With the finalization of the TOR and the sharing of other participant confirmations in February 2023, the Meliadine TAG has been established. Since first confirming in March that the TOR are sufficient to proceed, GN has requested minor clarification to the TOR relating to specific terms that mention GN. The next TAG meeting will be held in October 2023. Agnico Eagle thanks all parties for their efforts to establish the TAG and their continuing participation.

Please let us know if the NIRB requires the MOUs and TOR for your records.

We remain available should you have any questions.

Kind regards,
Anne-Laurence
