Re: NIRB 2022-2023 Annual Monitoring Report for the Meadowbank Gold Mine and Whale Tail Pit Projects and Board Recommendations

Dear Leah Klaassen,

The Government of Nunavut (GN) would like to provide the Nunavut Impact Review Board (NIRB or the Board) our updated Environmental Guideline – Dust Suppressants (2022) in response to the Board’s below inquiry of December 8, 2023:

“Within 45 days of the issuance of this correspondence, the Board requests that the Government of Nunavut provide a response detailing any expected updates to their guidelines on dust management on unpaved roads, including the incorporation of up-to-date dust suppressant research from other jurisdictions.”

Please note that the English, Inuktitut, French, and Inuinnaqtun translations will be posted to the GN's website within the upcoming months.

Should there be any concerns or need for follow-up, please do not hesitate to contact me at bpirie@gov.nu.ca

Qujannamiik,

Bradley Pirie
