RE: FOX-D, Kivitoo Remediation Project: 2019 Annual Report for NIRB No 15DN048

Dear Mr. Emingak,

Crown-Indigenous Relations and Northern Affairs Canada (CIRNAC), on behalf of the Government of Canada, is the custodian of FOX-D Kivitoo Project for which the Nunavut Impact Review Board (NIRB) Screening Decision Report (NIRB No 15DN048) dated November 11, 2015 applies.

According to the terms and conditions contained in the Decision Letter, an annual report is to be submitted to the NIRB no later than March 31 of each year of permitted activities. Please find enclosed the Annual Report for the FOX-D Kivitoo Remediation work completed in 2019. There have been some delays in the submission of this annual report for activities completed in 2019.

All project activities were completed at the site in 2019, and the site was closed that same year. No site work was performed in 2020 and there is no plan for future work on this site as the site does not require Long Term Monitoring.

If you have any questions, please contact the Project Manager, Rachel Theoret-Gosselin at Rachel.theoret-gosselin@canada.ca, or by telephone at (867) 222-1732.

Sincerely,

Charlotte Lamontagne
Director, Contaminated Sites
Crown-Indigenous Relations and Northern Affairs Canada
Nunavut Regional Office
