24EN005 – NIRB Amendment Application Suspension Request

Hello,

I am writing regarding the current pending project amendment application for Bronzite Exploration Corp.'s Somerset Trough Project that was referred to NIRB by the NPC on May 24 2024 (NPC File No. 150418). The project has a previous approval from the Nunavut Impact Review Board under the file number 24EN005 and NPC file number 150217.

Bronzite is unable to finalize and submit the project amendment application at this time and is requesting a suspension of NIRB application under s. 143(1) of the *NuPPAA* until further notice.

Should there be any questions or concerns about this request or the pending application, please reach out to myself at sam.robb@bronziteexploration.com.

Thank you and regards,

Samuel Robb
