Re: Notice of Screening for Vermont State University's "Interpretations of Polar Environments at the Nanoscale" Project Proposal

Hello Kelli,

The Government of Nunavut (GN) thanks the Nunavut Impact Review Board (NIRB) for the opportunity to provide comments regarding Vermont State University's "Interpretations of Polar Environments at the Nanoscale" project proposal, NIRB File # 25YN023.

The GN has reviewed the proposed project and related documents and has no comments or concerns to raise with the Board at this time.

The GN appreciates participating in the screening of this project through the NIRB process. Should there be any concerns or need for follow-up, please feel free to contact me at jbuller@gov.nu.ca.

Thank you,
