

- iii. A summary of Agnico Eagle’s compliance status with regard to authorizations that have been issued for the Project.

NIRB is introducing worksheets to support the collection of feedback on the Annual Report. Appendix C includes NIRB document numbers for the worksheets for each party. NIRB requests that regulators, responsible parties, and relevant authorities also provide a summary of comments using the worksheet, which can be downloaded from the public registry.

The worksheet contains tables that present summaries of applicable Terms and Conditions, and Commitments from relevant project certificates. The worksheet has also been shared with Proponents and includes the Proponents’ summaries of actions taken to meet the compliance requirements for each Term and Condition, along with references to where supporting information can be found in the 2025 Annual Report.

NIRB requests that parties who are identified as responsible parties for a specific Term and Condition or a Commitment provide their comments in the column titled “Comments from Responsible Parties.” Parties that are not listed as responsible parties but wish to provide input may do so in the column titled “Additional Comments.” Where a party is identified as a responsible party, NIRB requires that a response be provided for each corresponding Term and Condition.

This information is important to assist the NIRB assess, coordinate, integrate, and ensure that the Board has the information to accurately measure effects, adequately assess compliance with terms and conditions, regulatory instruments, and agreements, and whether the Projects are carried out in accordance with the terms and conditions as set out in the project certificate.

Please send all forthcoming submissions directly to the NIRB via email at info@nirb.ca.

Questions regarding the NIRB’s monitoring process can be directed to the undersigned at kmorrison@nirb.ca.

Sincerely,

Keith Morrison
