Re: Conformity Determination for West Kitikmeot Corp.'s Impact Statement for the "Grays Bay Road and Port" Project Proposal and Commencement of the NIRB's Technical Review Period

Dear Kelli,

Thank you for the Nunavut Impact Review Board's (NIRB) May 6, 2026, letter informing parties that the Board is initiating public technical review of the Grays Bay Road and Port Project and is seeking information requests related to the project's environmental impact statement.

The Government of Nunavut (GN) requests a two-week extension to the information request period. There are a large number of other NIRB files with comments due in this same time period, which are creating capacity challenges that impact our ability to effectively respond with information requests before the stated June 5th deadline.

The GN appreciates the Board's consideration of this request, and we look forward to participating in this and subsequent technical review phases of this project. Should there be any concerns or need for follow-up, please feel free to contact me at jfbuller@gov.nu.ca.

Sincerely,

Justin Buller
Interim Avatiliriniq Coordinator
Government of Nunavut
