

An aerial photograph of a large-scale open-pit mine. The mine is characterized by deep, terraced walls and a central pond. A wide, light-colored road or conveyor system runs across the middle of the image. The surrounding landscape is a mix of dry, brownish terrain and green vegetation. The image is partially obscured by a dark green circular graphic on the left side.

**March 2018: NIRB Project Certificate (PC)
No. 008 issued to Agnico Eagle
Mines Limited**

ለፌብሩዋሪ 2018፡ ልዩ ስራ ለጥቅም 008
ጋራ ስራ ለጥቅም 008

In 2020, the NIRB amended the PC. 008
Δ 2020, ΔΕΠΙΛΟΓΗ ΔΕΛΤΑ 008

68 terms and conditions to limit adverse ecosystemic and socioeconomic effects

[illegible]

February 19, 2020

A wide-angle photograph of a massive open-pit mine. The mine is characterized by numerous horizontal terraced levels of dark, layered rock. In the foreground, a dirt road winds through the lower levels, with several large yellow mining trucks and smaller vehicles visible. A small, irregularly shaped pond with greenish water sits in a depression on the left side of the foreground. The background shows the continuation of the mine's terraces under a cloudy sky, with some industrial buildings and structures visible on the horizon.
