Re: NIRB Notice of Erratum for Information Request Letter Issued July 20, 2026

Dear West Kitikmeot Resources Corp. and Parties:

The Nunavut Impact Review Board is issuing this erratum to correct an administrative error in the Information Request Letter dated July 20, 2026.

A submission by the Kitikmeot Hunters and Trappers Organization (KHTO) during Phase 1 was inadvertently included in the NIRB's Information Request Letter.¹ These 14 comments were not meant to form part of the current Information Requests as they were considered as part of the Scoping and Guidelines phase of the NIRB's Review for the Grays Bay Road and Port Project Proposal. Therefore, the comments do not require a response at this time and will continue to remain part of the official record.

All other information requests, instructions, requirements, and response timelines set out in the July 20, 2026, letter remain unchanged.

The Board regrets any confusion arising from this administrative error.

Questions regarding this erratum may be directed to Amir Pourmahabadian, Senior Impact Assessment Officer, at 1-866-233-3033 EXT 545 or apourmahabadian@nirb.ca.

Sincerely,

Kelli Gillard
Manager, Impact Assessment
Nunavut Impact Review Board
