Dear Honourable Minister:

On April 17, 2026, the Nunavut Impact Review Board (NIRB or Board) received a referral pursuant to the Nunavut Agreement and *NuPPAA* to conduct a screening¹ of Fisheries and Oceans Canada's (DFO) "Developing local capacity and tools for on-board ship monitoring to better understand ecological risks and identify actions to improve mitigation for ship traffic in Arctic Canada's largest port" project proposal and after completing the required process, the NIRB determined² that **a review of the project is not required** and recommended specific terms and conditions³.

The attached Screening Decision Report provides the regulatory framework, scope of proposal and Board's assessment process, public engagement, factors relevant for the determining significance of impacts, and recommended project-specific terms and conditions. Additional information on the project can be viewed on the NIRB's public registry at the link at the top of this letter.

The NIRB look forward to receiving a response from the Minister, and any questions on the Board's assessment process or the Screening Decision Report can be directed to the NIRB's Director, Operations, Tara Arko at 1-866-233-3033 EXT 500 or tarko@nirb.ca.
