TITLE: Arctic Bay Sealift Field Program

OBJECTIVES OF RESEARCH:

Worley Canada Services Ltd., operating as Worley Consulting, has been retained by the Government of Nunavut – Transportation and Infrastructure Nunavut (GN-TIN) to support the detailed design of a sealift facility in Arctic Bay, Nunavut (the Project). To inform the detailed design phase of the Project, a field program (the Program) will be undertaken in the 2026 open-water season. This Project Description is specific to the Program. The intention of the Program is to perform a geotechnical study at the Sealift site. Baseline archaeological studies may also be undertaken if required. Surveys will be conducted in the Sealift Study Area. Consultations with the Hamlet and Hunters and Trappers Association has been undergoing since March 2026 and will continue throughout the lifecycle of the Project.

TERMS & CONDITIONS:

The holder of the license will be bound by the terms and conditions of the Nunavut Impact Review Board Screening Decision Report (NIRB File # 26YN033) and the Department of Culture & Heritage archaeological sites terms and conditions. These terms and conditions will form part of this license.
