

Agenda for Community Information Sessions
Held as part of the Nunavut Impact Review Board's
Review of the "Grays Bay Road and Port" Proposal
NIRB File No. 24XN038

October 16, 2026

To: Grays Bay Road and Port Distribution List

Dear Parties:

The Nunavut Impact Review Board (NIRB or Board) appreciates the support from parties in finalizing the logistics for the **Community Information Sessions in Yellowknife, NWT on October 26, 2026 and Inuvik, NWT on October 28, 2026 related to the NIRB's Review for the Grays Bay Road and Port Proposal**. The updated agenda is included below.

The sessions provide updated information and enable participation in the NIRB's Review:

- Ask questions,
- Provide feedback and discuss issues to be addressed in the NIRB's assessment process,
- Help parties participate in the current work of technical review of the Impact Statement and prepare for the future Phase 3 of the Review including the Final Hearing, and
- Support clarity to parties on the coordination between the NIRB, the Mackenzie Valley Environmental Impact Review Board, and the Inuvialuit's Environmental Impact Review Board. For the clarity of parties: the NIRB's Community Information Sessions are similar in intent to MVEIRB's community and technical sessions.

Questions regarding the sessions should be directed to info@nirb.ca or toll-free at (866)233-3033.

Sincerely,

Tara Arko
Director, Operations
Nunavut Impact Review Board
